

## Call for Papers

# TPS: Trust, Privacy and Security Symposium

## The 9<sup>th</sup> International Wireless Communications and Mobile Computing Conference

IWCMC-2013 — <http://www.iwcmc.org/2013/>  
July 1-5, 2013, Cagliari, Sardinia - Italy

With the advancement of mobile computer applications and due to the proliferation of heterogeneous computer and communication networks, trust, privacy and security issues have become paramount. The development of a plethora of communication standards using different bands of the radio spectrum has refocused the research interest on mobile and wireless security. The importance of the addressed area recently has been dramatically highlighted by some successful attacks against mobile platforms.

The Symposium on Trust, Privacy and Security of IWCMC 2013 is soliciting original papers on research and development topics in the field of the security of wireless networks and pervasive computing. Prospective authors are cordially invited to submit original technical papers – up to 6 pages of length. Accepted papers will be published in the conference proceedings and their authors will provide an oral presentation at IWCMC 2013 in Italy.

Scope of the Trust, Privacy and Security Symposium includes, but is not limited to:

- Mobile Network and Smart Phone Security
- Physical Layer Security
- Privacy and Security in Clouds and Contents Distribution Networks
- Privacy in Location-based Services
- Privacy and Anonymity in Vehicular Networks
- Security in Cognitive Radio Networks and Cooperative Communication Systems
- Security of Mesh Networks
- Security of Mobile Multimedia and Cloud Media
- Security of Wireless Sensor Networks
- Security of Cyber Physical Systems
- Threat and Vulnerability Analysis for Mobile Communication
- Application Level Trust, Privacy and Security
- Architectures related to Trust, Privacy and Security
- Attacks and Counter Measures in Mobile and Wireless Networks
- Computer and Network Forensics
- Cross-layer Design for Robustness and Security
- Cryptanalysis, Lightweight Cryptographic Algorithms and Applications
- Identity Management and Key Management Systems
- Information System Security
- Intrusion Detection and Response in Wireless Networks

Original manuscripts of previously unpublished work, which are currently not under review in any form, should be submitted electronically via

<https://edas.info/newPaper.php?c=13395>.

For more comprehensive information, please see <http://www.iwcmc.org/2013/>.

**Important Dates:**

- Full Paper Submission: December 15, 2012
- Paper Acceptance Notification: March 15, 2013
- Camera-Ready Paper Submission: April 1, 2013
- Registration Deadline for Authors: April 1, 2013

**Symposium Chairs:**

Peter Mueller, IBM Zurich Research Laboratory, Switzerland

Kui Ren, State University of New York at Buffalo, USA

**Technical Program Committee:**

TBD
